

**PROBLEM SESSION - IML CONFERENCE ON HAUSDORFF
GEOMETRY OF POLYNOMIALS AND POLYNOMIAL SEQUENCES**

ANDRZEJ PIOTROWSKI

The problems and background information presented by Andrzej Piotrowski at the Institut Mittag-Leffler on Wednesday, May 30, can be found in a pre-print located on the *ArXiv* website:

<https://arxiv.org/pdf/1802.02641.pdf>

In particular, a very brief summary of the introduction (Section 1) and main results (Section 2) were given, followed by the statement of Question 6.1 and Question 6.2 in Section 6 of the pre-print.

This was a joint work with D. A. Cardon (Brigham Young University), T. Forgács (California State University, Fresno), E. Sorensen (Brigham Young University), and J. C. White (Brigham Young University).
